

Title: Viewing teaching – enhancing teaching by watching others

Presenters: Gail Langley
London South Bank University

Abstract:

Session Learning Outcomes

By the end of this session, delegates will be able to:

- Consider the organisation of a database of video clips of different types of teaching across different subject areas in one university
- Comment on the possible uses of this collection relating to enhancing the facilitation of learning

Session Outline

Key issues to be addressed are:

- Viewing sample clips of different types of teaching
- Commenting on and discussing their merits/demerits for enhancing colleagues' learning and teaching practices

20 minute session
